ELEPHANT BUTTE WORK GOES AHEAD

Chief Engineer Says Work Will Not Be Delayed After Condemnation.

Arthur P. Davis, chief engineer of the reclamation service, shas returned from Mexico, where he has been on a personal business trip for the past week. Chief engineer Davis was met here today by Louis C. Hill, supervising engineer, and, together with W. M. district engineer in charge of the Engle dam, a consultation was held at the reclamation service office this after-

"We expect to resume work on the Elephant Butte dam as soon as the condemnation proceedings for the right of way now in progress are completed. summed up the situation. Being next in chief engineer Davis's statement that work will be resumed as soon as possion the Elephant Butte worth several times its weight in gold. "I understand secretary Ballinger is favorable to the project." Mr. Davis said this afternoon. "The rest of us are and the only thing that could delay it is the lack of funds and my impression is that funds will be supplied for the work as rapidly as needed. We expect to go ahead with the work without farther delay as soon as the condemnation proceedings are completed."

On Trial for Murder. Reno, Nevada. Jan. 27.-In the trial of Mrs. Mae Talbot, charged with murdering her husband, the blood-stained garments worn by Talbot on the day he was shot were introduced in the evidence by the state. The attorneys for the defence endeavored to prove by state's witnesses that Talbot's denth was caused by pneumoria, a hemor-914 rhage and pericarditis, and not from a gunshot wound.

MINIMUM CHARGE TO CONSUMERS

Mass Meeting to Be Held at the sunderstood that J. M. Wyatt, re-ceiver and other representatives of the Courthouse Priday Night International Water company will be Courthouse Friday Night. International water to defend the present at the meeting to defend the course of the company in making the junction.

What is a consumer? Upon this question rests the argument of the two sides just. in the present water agitation over the minimum unit charge for water service The water company says it is the ultimate consumer, the one using the water while the opponents to the order of the United States court instructing the receiver of the International Water company to charge the minimum unit rate, say it is not the ultimate consumer but the owner of the property who is the to charge a minimum of 90 cents water rent per month.

Mass Meeting Called. The opposition to the proposed mini-mum unit charge has taken definite form. A mass meeting has been called at ficials say even this will be the means the courthouse for Friday evening at 8 of bringing in much additional revenue oclock at which the consumers will protest against the 30 cent charge for each family unit using water from the International Water company, Patterson & Wallace and P. E. Gardner have been employed as attorneys by the men lead-ing the protest to fight the enforcement ing Friday night, has stated that his of the unit charge and a petition judge T. S. Maxey, upon whose ruling, present time to \$72 under the new sys-as judge of the United States district tem of charging.

Notices in both Spanish and English have been published and it is expected to

present at the meeting Friday evening.

Owner Cancels Contract. The owner of a tenement building has found a solution of the difficulty which the unit minimum charge placed him in as a renter of a number of tenement houses. This morning he called at the water company office and canceled his contract for the tenement building. This relieves him of any responsibility of paying the water rentals at his building, consumer as referred to in the contract it being up to the ultimate consumer to of the water company which permits it arrange for each individual water supply at his own expense. This will mean much more bookkeeping for the water company as each consumer becomes a water renter instead of the owner of the building, but the water company of-

additional charge, while the people who are leading the protest against the raise

in the minimum rates will have a num-

that has been lost in the past, under the old single unit scheme for a building. Another owner of a number of tene-ment buildings in the south part of the city, who is interested in the mass meetwater bill will increase from \$12 at the

SKELETON FOUND IN EXCAVATION Site for Neff Warehouse

Was Burying Ground in Early Days. The skeleton of a man, who died with his boots on, was unearthed by workmen engaged in excavating for the new E. E. Neff company storage

building on Santa Fe street this after-

noon. Two holes, apparently bullet

holes, were plainly visible through the skull of the akeleton, indicating that he went over the divide by the hurry. up route. The body was found near the old McClinty hill, which was a government burying ground for the soldiers who died at the old fort on the river bank. A few decayed boards showed that the man had been given a decent burial

although nothing by which he might

identified was found except a rusty
